OUR TECHNICAL CAPABILITIES

1

**Identify best site location
feasibility analysis**

2

**Geotechnical analysis /
microsetting analysis**

3

**Negotiates sale / lease
agreements of the site**

4

**Manages environmental
permitting**

5

**Obtains all necessary
permits and licenses for
the construction and
operation of the plants**

6

**Manages the
interconnection
process to the grid**

7

**Negotiates and obtains
the power purchase
agreements**

8

Access roads (Logistics)

9

**Power evacuation
system / generation
time line / substation**

10

**Turbine foundation/
turbine erection
manpower resources
& regulatory affairs**

2021 Start Company

CALS has taken its first step into the solar energy sector with 5MW solar power projects.

2025 Growth Company

With unwavering determination, we secured a 300 MW wind and solar project, marking a significant milestone in our growth and more

Our JOURNEY

2023 Expansion

Multiple projects underway including 150 MW in Tamilnadu and 100 MW in Maharashtra and more

SOLAR PV PANELS FOR BUSINESS

CALS is a leading Solution & Service provider of commercial solar project installation company in India. We offer comprehensive, scalable solar solutions for the business of all capacities and specialize in commercial & domestic solar panel installation. Our experienced technical team ensure your solar plant installation safety and efficiently. Solar is an excellent investment to save money on your energy bills and its more affordable forever.

TRANSFORM YOUR BUSINESS INTO A RENEWABLE ENERGY WITH SOLAR SOLUTION

01 PROBLEM

Transitioning to solar energy can be a challenging endeavor. Finding a reliable solar installation provider who understands your unique requirements and preferences can sometimes feel like finding a needle in a haystack.

02 ANALYSIS

- Switching from traditional electricity sources to solar energy can indeed feel like an overwhelming task for customers.
- Choosing the right equipment and navigating financial incentives.

03 OBJECTIVES

- Cost saving
- Energy security
- Quality assurance
- Long term benefits

04 SOLUTIONS

- At CALS, customer satisfaction is our top- most priority
- Every aspect of our solar installation project is meticulously analyzed to meet individual needs
- Feel free to connect with us

CORPORATE SOCIAL RESPONSIBILITY

CALS Renewable Energy India Private Limited, community engagement and sustainability to the core of our values. Taking small steps every day is crucial in our journey towards creating a more compassionate and equitable society. Each initiative, like this one, plays a significant role in achieving our ultimate goal. Together, we can make a difference

FOOTPRINTS

FOOTPRINTS
